# LONGTAIL WALL STAND

The VS50 wall stand has an amazing range of motion for the active imaging area that extends from 1.5 inches (3.8 cm) to 81 inches (205.7 cm) above the floor.

It enables operators to execute routine upright exams on any portion of the Longtail DR as well as lengthy longlength studies with a single exposure, without the risk of motion or stitching difficulties. For unsurpassed confidence and quality, the VS50 delivers a solid and secure stand in a fixed spot.
